

MESSAGE

10 1 SEP 2022

Teacher's Day is a great occasion to express our gratitude to our teachers. We are indebted to our teachers, who keep us showing the path of success with firmness. They play very significant role in the lives of all students. They motivate the young minds to achieve success and lead the country by example.

The National Education Policy 2020 envisages setting standards for teachers which would define the role of a teacher on different stages and also set the required competency for that stage, so that the core competencies of the teachers are utilized in the best possible manner for the students to transform India into a Developed Country.

Today, the birthday of Dr. Sarvepalli Radhakrishnan is celebrated as Teacher's Day to commemorate his contribution as a Statesman, scholar, philosopher and a great educationist. On this auspicious day, we celebrate and honor the teachers.

I extend my heartiest greetings to the entire teaching community of this great country and request them to participate in nation building with enhanced enthusiasm.

Annpurna Devi
